CONTRA-ANGLES

Ti-Max Z | nano¹⁾ series

- Extremely small dimensions (e.g. Head size Ø 8,9 x H 13,4 mm) • Solid titanium body with scratch resistant DURAGRIP® coating • Cellular glass optics
- 3 years warranty • Integrated micro-filter • Clean-head-system • Ultra-push chuck

MODEL Z95L
Optic contra-angle
1:5 Increasing
Head size: Ø 8,9 x H 13,4 mm
Quattro spray
Ceramic ball-bearings
REF **C1034**

MODEL Z45L
Optic titanium contra-angle
1:4,2 Increasing
Two-Way spray Function
Ceramic ball-bearings
REF **C1064**

Superior accessibility
The 45-degree angled head allows easy access to the molar region, minimizing interference from the front teeth and adjacent teeth.

MODEL Z25L
Optic contra-angle
1:1 Direct drive
Head size: Ø 8,9 x H 13,4 mm
REF **C1038**

MODEL Z15L
Optic contra-angle
4:1 Reduction
Head size: Ø 8,9 x H 13,4 mm
REF **C1039**

¹⁾ These promotion prices are also available for nano series instruments (nano95LS, nano25LS, nano15LS). Instruments from nano series are technically identical with Ti-Max Z instruments but significantly shorter, which can bring benefits with regard to ergonomics. PLEASE NOTE: Ti-Max nano series instruments are compatible with the current micromotor range of NSK (NLX nano, NLX plus, M40XS, NBX, X205L, M205LG) and other micromotors available in the market which have an ISO coupling no longer than 23 mm.

Ti-Max X series

- Solid titanium body with scratch resistant DURACOAT® coating • Cellular glass optics • 2 years warranty • Clean-head-system

MODEL X95L
Optic contra-angle
1:5 Increasing
Quattro spray
Ceramic ball-bearings
REF **C600**

MODEL X15L
Optic contra-angle
4:1 Reduction
Single spray
REF **C602**

MODEL X65L
Optic handpiece
1:1 Direct drive
Single spray
REF **H273**

S-Max M series

- Stainless steel body • Cellular glass optics • 2 years warranty • Clean head system

MODEL M95L
Optic contra-angle
1:5 Increasing
Quattro spray
Ceramic ball-bearings
REF **C1023**

MODEL M25L
Optic contra-angle
1:1 Direct drive
Single spray
REF **C1024**

MODEL M15L
Optic contra-angle
4:1 Reduction
Single spray
REF **C1025**

MODEL M65
Non-optic handpiece
1:1 Direct drive
Single spray
REF **H1008**

TIME TO SWITCH

Spray air contributes significantly to spray mist in dental instruments. Contra-angles produce much less compared to air turbines and by switching off the spray air this instruments generates even less aerosol. This means the associated risks are reduced considerably. NSK has invented the spray switch for conta-angle handpieces (Z95L and Z45L). No other handpiece brand offers this convenient and effective feature. Turning off spray air couldn't be easier - just simply twist the switch.

Water Jet

NSK YOUNG SMILEBOX

MODEL **SMILEBOX**
NSK Polishing Handpiece FX57m
with a collection of YOUNG consumables
REF **S220001**

SMILEPREIS
279 €*

NSK YOUNG SMILEBOX contains:

FX57m
Polishing Handpiece,
stainless steel, 4:1 reduction,
ultra-small head for
screw-in cups

Young™ Elite Original™ Cup
Outer and inner ridges.
The strategically placed
ridges are designed to
provide exceptional stain
removal, deliver better
interproximal cleaning, and
greatly reduce splatter.
Pack of 144pc.

2Tone™ Disclosing Solution
highlights both older and newer
plaque with an advanced multi-
colored formula. 2Tone™ turns
newer plaque red and older
plaque blue. Erythrosine free.
Bottle 59ml.

DryTips®, small
The moisture absorption is far
superior to cotton rolls or other
absorbent pads. They don't lose
moisture when handled.
DryTips® facilitates working
far back in the oral cavity by
keeping the procedure area
clean and dry.
Pack of 50pc.

Young™ Polish Paste, Mint
Less splatter, flouride free and
powered by baking soda,
a time-honored ingredient
known for its ability to whiten,
brighten and neutralize pH.
Gluten-free.
Pack of 125 units.

Varios 970

Ultrasonic generator for gentle and efficient ultrasonic treatment.
Huge variety of indications in prophylaxis, periodontology, endodontics and prosthetics.

- iPiezo engine for stable power output • Extremely slim & lightweight handpiece for all indications • Extensive tip range for a prophylaxis, periodontics, endodontics and restorative treatments • LED integrated • 2 irrigation bottles + external water

Osseo 100

Osseointegration Measuring Device

MODEL **Osseo 100**
Osseointegration Measuring Device
REF **Y1004175**
1.995 €*

Osseo 100 measures implant stability and osseointegration to enhance decisions about when to load the implant. Especially important when using protocols with shorter treatment time and treating higher risk patients. The uncomplicated operation that measures the Implant Stability Quotient (ISQ) with the help of a MultiPeg (available for most implant types) allows the implant loading period to be planned in advance.

3-step procedure

1. The MultiPeg is attached to the implant. It screws effortlessly into the implant's internal threads (approx. 6-8 Ncm of torque).

2. Just aim for the magnet on top of the MultiPeg. Non-invasive, objective, accurate and repeatable. The peg is excited by magnetic pulses and vibrates due to the stiffness in the contact area between the bone and the implant surface.

3. An ISQ value is generated and shown on the display. This reflects the level of stability on the universal ISQ scale from 1 to 99. The higher the ISQ value, the more stable the implant.

MultiPeg™

32 €*

Reusable MultiPeg™

- For all major implant systems*
- Tissue friendly, durable Titanium
- Optimal platform fit
- Optimal platform fit
- ISQ Standard Calibrated™

* There are different MultiPegs available especially designed for diverse implant systems and models. Find a regularly updated overview on www.nsk-europe.de.

Dentalone

The Mobile Dental Unit

What has been a neat little trolley an instant ago, now turned into a complete, fully equipped dental unit. No matter if used in elderly people’s care, in schools or for humanitarian cases – Dentalone can easily be moved from one place to the other and turns into a comfortable, user-friendly dental unit within seconds. Anywhere.

Just a plug is enough to use the wide spectrum of possibilities and functions of Dentalone.

- Dentalone is equipped as follows:
- Brushless NLX nano micromotor with LED
 - Multifunctional ultrasonic scaler Varios 170 with LED
 - 3-F syringe with LED
 - Saliva ejector
 - Large, backlit display
 - Instrument carrier with auto-select function
 - Foot-Control
